1 Hotel South Beach Beach club

Starwood group, Miami

Laid-back luxury, the Sempre way—expanded. For **1 Hotel South Beach**, we crafted an indoor-outdoor rhythm that feels effortless: reclaimed teak with a timeworn patina, hand-woven textures that catch the ocean light, and sun-softened fabrics in a mineral, sand-and-sea palette.

Signature pieces anchor the club—low lounging islands, airy canopy daybeds, and sculpted side tables—balanced by flexible layouts that flow from sunrise coffees to sunset gatherings. Integrated lighting and planting bring a biophilic calm; details like rounded edges, breathable weaves, and salt-ready finishes ensure beauty that performs.

Every element is designed for high-traffic hospitality—durable, repairable, and responsibly sourced—mirroring the hotel's sustainability ethos. The result is a calm, elevated beachfront experience where materials tell the story and the atmosphere does the selling.

Dear Sempre team,

Collaborating with Sempre on Rokuni, here in Antigua & Barbuda, has been an extraordinary experience. From concept to completion, Kirsten and Christophe brought an unparalleled level of creativity, passion, and dedication to the project. Their attention to detail extended far beyond design—they seamlessly managed logistics, curated every element with care, and personally ensured the final touches were perfect. The result is a space that is not only visually stunning but truly unique to the island. Rokuni reflects their vision, craftsmanship, and unwavering commitment, and we are immensely proud of what we've created together. Sempre has set a new standard, and we couldn't be more grateful.

Alex Grimley

Founder & CEO of Rocks Group

Working with Sempre felt like finding a creative partner who actually speaks our language. We wanted a space that was edgy, bold, and irresistibly cozy—and they nailed it. From the custom long bar tables to the natural wood and stone textures, every detail feels purposeful and alive. The oversized Annabel high dining table and Roma dining chairs don't just look beautiful; they're built for real, everyday service.

Resto Clash is 'no tralala'—pure, no-nonsense cuisine—and Sempre mirrored that ethos with honest materials, clean lines, and quietly rigorous craftsmanship. The canopy of Nemo lamps made from reclaimed fishing nets is more than lighting—it's a story that hovers above every plate of our high-quality French cuisine. Guests notice. They ask. They stay longer.

Sempre handled the entire process with craft, care, and calm efficiency—on time, on brief, and with the kind of finishing that elevates hospitality into an experience. They didn't just furnish Resto Clash; they helped shape its spirit.
